

Academic Job Boards

THE CHRONICLE
OF HIGHER EDUCATION

Search thousands of academic jobs, set up alerts, build your profile and read expert tips and advice.

HigherEdJobs®

“More colleges and universities trust HigherEdJobs to recruit faculty and administrators than any other source.” Each month the site is visited by 1.5 million professionals using the comprehensive list of jobs, news and career advice.

POSTDOC
JOBS

Since 1999, this site has helped thousands of university professors, government agencies, research institutions and companies connect with post-doctoral fellows and researchers.

Science
Careers
MAAAS

Dedicated to matching qualified scientists with jobs in industry, academia and government. Offerings include a job board with thousands of listings, career advice articles, graduate program guidance and a Career Forum community.

HERC

The Higher Education Recruitment Consortium is a nonprofit coalition of colleges, universities, hospitals, research labs, government agencies and related organizations committed to diversifying the pipeline of faculty, staff and executives in academia.

INSIDE
HIGHER ED

Online source for news, opinion and jobs for academia. Founded in 2004, its mission is to serve all of higher education—individuals, institutions, corporations and nonprofits.
